**OPEN POSITION: Civil Engineer I**

**JOB CODE: CIV-EI-03-21**

**OFFICE LOCATION: Foxboro, MA or Lincoln, RI**

**POSITION SUMMARY:**

Pare Corporation has a position available for a Civil Engineer I with entry level to three years of experience. This position will support civil engineering projects, including site design, grading, stormwater design, utility design, field reconnaissance, report preparation, and construction administration activities. Task assignments will be designed to develop professional engineering technical work skills and abilities to foster a strong engineering career at Pare Corporation.

**DUTIES AND CORE RESPONSIBILITIES:**

- Perform field tasks, including field review of existing site conditions, assisting in performing basic topographic surveys, perform measurements to generate existing site condition plans, and survey pavement for assessing its condition.
- Perform various site/civil engineering calculations for grading, stormwater management, utility layout and design, parking evaluations and layouts, and pavement designs.
- Prepare field and engineering reports, technical specifications, and other technical documents.
- Provide due diligence for state and local regulations including zoning, planning and environmental.
- Provide civil engineering design for a variety of project types.
- Perform construction-phase field observation.
- Other related activities as needed.

**EDUCATION, EXPERIENCE, AND COMPETENCIES:**

- Bachelor's degree in engineering from an ABET/EAC accredited program is required.
- Zero to three years civil engineering experience.
- Experience with AutoCAD and other engineering software; Experience with GIS Systems advantageous.
- Knowledge of basic engineering principles.
- Attention to detail and the ability to think critically.
- Strong verbal, written and interpersonal communication skills.
- Self-motivated with a professional attitude.
- Active participation in professional and community organizations preferred.

---
