

OPEN POSITION: Transportation Project Engineer

JOB CODE: TRN-PE-05-21

OFFICE LOCATION: Lincoln, RI

POSITION SUMMARY:

Pare Corporation has a position available for a Transportation Project Engineer with five to ten years of experience with a focus on roadway/traffic design from the study/development phase through the construction phase. The prospective candidate shall be a licensed professional engineer with a range of experienced field investigations, report preparation, and construction administration activities. The ideal candidate will also have project management, client management, proposal development, and business development experience.

DUTIES AND CORE RESPONSIBILITIES:

- Perform and/or supervise transportation engineering field analyses/evaluations. This may include directing the work of engineers, technicians, administrative staff, and subcontractors in a multi-disciplined team environment.
- Perform or assist with roadway and intersection designs, traffic management plans, traffic striping details, horizontal alignments and layouts and vertical alignments, cross-sections, stormwater design, utility coordination, quantity take-offs, and cost estimates.
- Review and/or prepare engineering reports, progress reports, contract documents, schedules, budgets, and other project documents.
- Provide due diligence for state and local regulations including zoning, planning and environmental.
- Attend and present at interviews, project meetings and community outreach presentations.
- Other related activities as needed and assigned.

EDUCATION, EXPERIENCE, AND COMPETENCIES:

- Bachelor's degree in engineering from an ABET/EAC accredited program is required, master's degree or equivalent preferred.
- Five to ten years of transportation engineering experience.
- Experience with staff management, project management, and business development.
- Registered Professional Engineer license required.
- RIDOT and/or MassDOT experience preferred.
- Knowledge of roadway design with experience and understanding of AASHTO and MUTCD.
- Ability to utilize computer technology for engineering applications, including AutoCAD.
- Attention to detail and the ability to think critically.
- Must be able to communicate effectively using verbal, written, and interpersonal communication skills to internal and external audiences.
- Self-motivated with a professional attitude.
- Active participation in professional and/or community organizations.
- Service-oriented approach to client management and willingness to act as a mentor for junior-level staff.

Pare Corporation offers a solid compensation and benefits plan including:

- Competitive Salaries
- Paid Holidays and Vacations
- Health, Dental, Vision, Life/AD&D, and Long-Term Disability Insurance
- 401(k) Retirement Plan with Competitive Company Match
- Tuition Reimbursement
- Professional Registrations, Licensing Fees and Memberships

Pare Corporation is an Equal Opportunity Employer and maintains a policy of affirmative action for minorities and women, individuals with disabilities, and protected veterans.
